Patient 3xxx Interview

“Had gonorrhea in Korea.
Took honeymoon in Nam,
damn bride wasted

by little dudes in pajamas.
Probably good thing all in all.

So what you don’t understand
‘bout Afghan-fuckin-istan?

They got poppies and put ‘em up
your ass. System delivery. Pentagon!

Iraq, Shadrack. Found angel, took me
from blazing furnace. War was gold

God and I wouldn't worship. Now
I’m here and the food ain’t bad.

Doctors light me up
if I stop talkin’!
So I’m cuttin’

a new hole to
pull me through.”
